Paris, the 22nd of June 2018

Product(s): **IKUSI HTL-FRA**

To Whom It May Concern:

This will certify that **IKUSI HTL-FRA** products conform to the requirements of FRANSAT PRO Head Ends certification.

SAT> COFDM Head Ends product from **IKUSI** manufacturer, reference model "**HTL-FRA**" based on hardware chassis and software versions "**V6.0.3**", has been submitted successfully to the FRANSAT PRO test suites version 1.0 on the 22nd of June 2018.

A list of the commercial models based on these standard base chassis and software version must be officially communicate to FRANSAT in order to be granted the FRANSAT PRO label.

Your company has the right to reproduce and use the FRANSAT PRO trade mark in strict conformity to the obligations set out in the FRANSAT distribution Agreement:

- On the considered declared models
- On its commercial documents
- On its advertising documents.

This FRANSAT PRO Certification applies only to the referenced models and shall be only valid for the specific set of standard base hardware and software associated.

Yours Sincerely

Ralph EDEINE
FRANSAT
