

Power Supply module

Switch mode power supply to feed HTI product range.

High output power

High efficiency

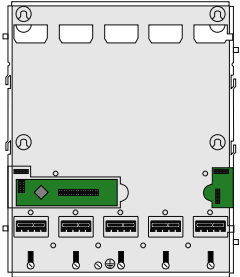

Optimizes consumption

Main features

- High power switched-mode power supply with high efficiency.
- The current distribution is done through the BACK-500 base plate, without plug bridges.
- Its design allows to use the power supply in installations with 2 power supplies, working in redundant way.

MODEL		PSU-150
REF.		3865
Regulation type		switched-mode
Mains supply voltage (50/60 Hz)	VAC	100 - 240
Output voltage	V	+24
Max current	A	6.5
Efficiency	%	> 89
Operating temperature	°C	-10 ... +45
Mains lead		Class I IEC 320/C13 (not included)
Dimensions	mm	230 x 190 x 33

BACK-500

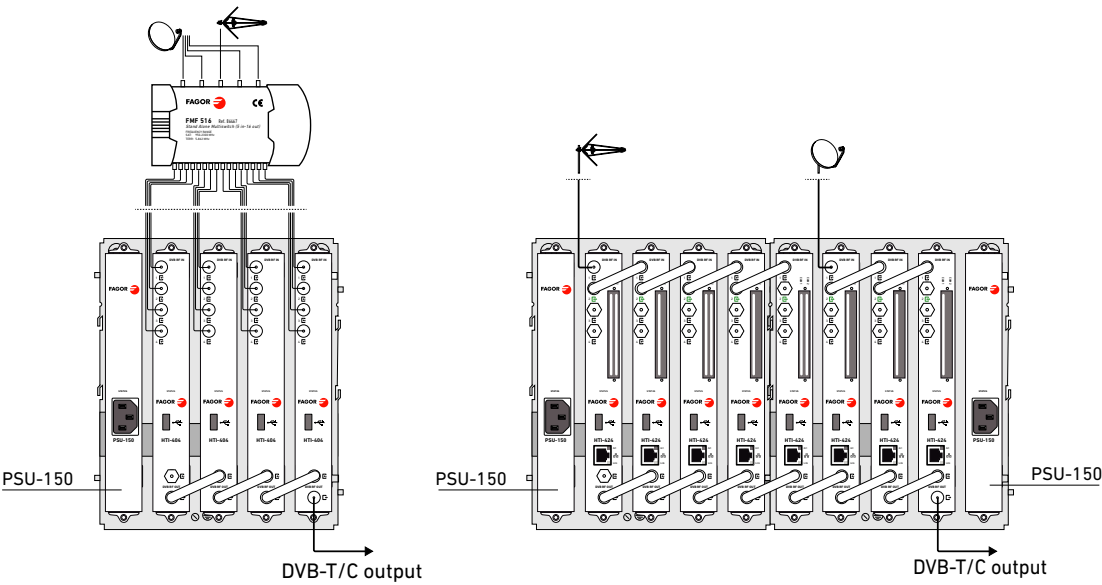

COR-150 (4404)

Mains lead
not included

Installation example

Installation example containing 4 HTI transmodulators + 1 PSU-150 power supply

Installation example containing 8 HTI transmodulators + 2 PSU-150 power supplies, fixed on 2 bases-plates connected through USB bridge
